MARQUETTE PUBLIC SCHOOLS

# 1982-83 ADMINISTRATION AND SCHOOL BOARD

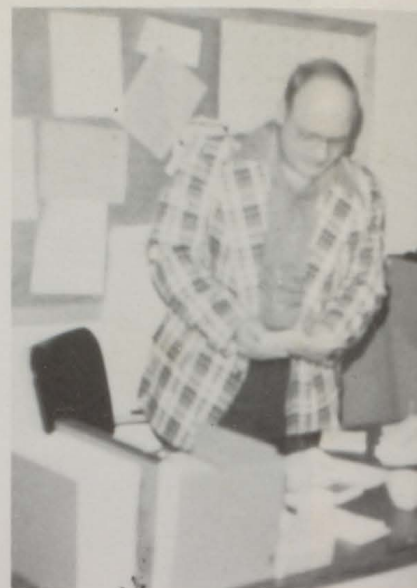

Dr. Gene Panning became Superintendent of Marquette Consolidated Schools in July of 1981. His Bachelor's Degree was gotten from Wayne State College, a Master's Degree from the University of Wisconsin, he attended Harvard University, and in 1969 was awarded a Doctorate from the University of Northern Colorado.

Dr. Panning has been here for two years. Under his supervision, the new addition of the elementary wing has successfully been completed. Marquette School is very proud of the accomplishments over these two years.

Mr. George Harris has taught at Marquette for 25 years. He graduated from Kearney State College in 1958, and has attended graduate classes at the University of South Dakota and the University of Nebraska.

Mr. Harris became Principal two years ago. Since then, he and Dr. Panning have worked very diligently to create a school that operates smoothly and efficiently. In addition to being principal, Mr. Harris teaches in the social studies and science departments.

School Board members attend monthly meetings to make decisions concerning Marquette's schools. Members are: Elton Gustafson, Daryl Nissen, Clayton Nelson (Treasurer), Gloria Bamesberger (Secretary), Lanny (President), and not pictured Dave Vetter (Vice President.).

# MARQUETTE BUSY PERSONNEL

Lavonne Hutsell is married to Dale, and has 3 sons. She's lived in Marquette for 26 years, has been a secretary at Marquette for 6 years. Her number one interest is traveling. Other hobbies are occasional cake decorating, needle point, photography, and cooking. She went to Grand Island Business of School.

Emily Mersch is married to Tom, and has two children Billy and Jennie. She worked at Radio Station KROA in Aurora for 2 years as a secretary and day-time operator. She's lived in Marquette for 9 years. She bowls on Tuesday morning Coffee League called Early Risers. Her hobbies are craft projects, sewing, ceramics, and she likes to go camping.

Connie Sailors is married to Frank, and has 6 kids, only two left at home. She has lived in Marquette for 7 years. Previous to moving to Marquette, she lived in North Platte. Favorite hobby is fishing.

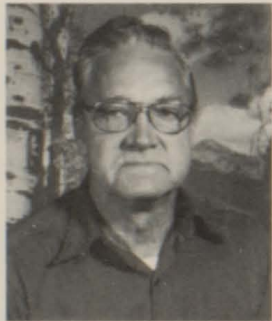

Mary Ann Nelson. They've lived in Marquette for 5 years. She has two daughters, Marlena and Amelia. Mary Ann's hobbies are crocheting, embroidery, and sewing.

Nancy Nunn has four children, and has lived in Marquette for 16 years. She began as bus driver with just taking home the kindergarteners — and now runs the full route. Nancy also sells Avon, as well as playing the organ at Mamre Free Church.

Reverend Jackson and his wife, Alice, have two sons and three grandsons. He has lived in Marquette for eight years. Bus driving is a side line to his full-time job as pastor of the Mamre Free Church. This is Reverend Jackson's first year with Marquette.

Darold has lived in the Marquette area all of his life. Rhonda and Terry are the children of Darold and Lucille. Before beginning to work as custodian of the school, he farmed and operated the general store in Marquette.

Lucille, married to Darold, is also a custodian at the schools. She has lived in the Marquette area since 1937. She has worked along with Darold through the years.

As usual, the Junior Class is busy preparing for the Junior-Senior Banquet and other graduation activities. Raising money is our main objective. To accomplish this, concessions are sold at football and basketball games. The sale of oranges and grapefruits is also one of the projects to increase the class treasury.

Hosting the Junior-Senior Banquet at the Aurora Country Club is our big spring event.

Looking forward to our own senior year, we plan to have a tidy sum for our sneak trip. The spaghetti supper in conjunction with the sophomore penny carnival will help us realize this goal.

With only eight in the sophomore class, we have all had to chip in and work hard to make this a very successful year.

Most of our hard work was centered around our various fund-raising projects. We sold concessions several times at sports events. Our annual penny carnival will be held this spring.

In an effort to generate school spirit, our class sponsored the sale of CUBS banners and pins. These were sported by our supporters throughout the year.

The class of "86" has the honor of being the largest class in the school with ten boys and ten girls.

Most of their activities have centered around money making projects — Selling popcorn, slave days, as well as concessions at football and basketball games. Some of the money will be used for a class party later this year.

The class was proud to be the winner of the best float in the homecoming parade for which they received a prize of ten dollars.

*Just a ho-hum Halloween for sixth graders.*

This year's sixth graders number three boys and seven girls. They are located in Mrs. Pierson's home room where they have math and science classes. Their other subjects are taught by Mrs. Andersen and Mrs. Carnes.

At Christmas, sixth grade enjoyed presenting the play, "Santa on Trial." This was viewed by 3rd through 5th grade. They had baked cookies and served them with Kool Aid after the play.

These students also visited the

Plainsman Museum in December and will be taking a spring field trip.

In health, the sixth grade, assisted by the fifth, will participate in an experiment sponsored by the National Dairy Council. They will be feeding two white rats. One rat drinks milk and eats a regular diet while the other drinks sugar water and eats a regular diet. The purpose of the experiment is to show the value of milk in the diet.

Spring time will find the 6th grade busy working math problems on the computer.

We're studying Mexico, Central America, West Indies, South America, and Canada in many social science ways; such as, through the archeologist, the historian, political scientist, the geographer, sociologist, and the economist. We have films, film strips, reports, and projects correlating with what we are studying. We use Junior Scholastic, map skills workbooks, and listen to TV programs giving the world news.

We are studying the historical development of the United States. Each student has written to a different state to get added information about it. We're hoping that at the end of the year we know all the states and their capitals. Also, we are using map skills workbooks, reports, projects, films, film strips, and TV programs that relate to the states.

The fifth grade students are busy studying for the county spelling contest. A Crossroads Spelling Contest is also planned for this year, to be held in May.

Many facets of the language arts are covered this year. A basic reading series is used to improve reading skills with the emphasis on reading to learn in the fifth grade.

The first semester we have been studying people and their surroundings. Comparing the United States to other parts of the world in diversity, interdependence, power, choices, and changes has been our major emphasis. Lessons on self-identity and social skills have also been stressed. The second semester, we will be studying our native state, Nebraska. We're hoping to include a field trip relating to this. We will be making a booklet on the history of Nebraska. Reports, projects, films, film strips, and TV activities correlate to what we are studying.

Fourth graders have new workbooks that are compatible with the new reading series from Houghton-Mifflin.

Class mother volunteers provided treats and games to make Halloween, Christmas, and Valentine's Day very special. Mother volunteers also helped grade 4 to carry out their Homecoming theme of "Swat the Hornets".

Many areas of the language arts are covered in grade 4. Much time is spent on improving reading skills and on "reading to learn" this year.

The third graders have taken three short field trips this year. We went to Central City to see a circus being put together. It was quite a thrill to see the elephants.

We took a trip to Lavonne Hutsell's to see her miniature house. Mrs. Hutsell served punch and cookies. It was a very interesting day.

Just before Christmas we took a trip, along with the 1st and 2nd graders, to the Plainsmen Museum to see the Winter Wonderland display. The girls enjoyed seeing the huge doll collection and the boys liked the old jail.

Another exciting day for us was Grandparents Day. Several grandparents came to visit school for awhile before enjoying a delicious meal in the cafeteria.

We are working hard to memorize our multiplication and division facts in math.

The second grade is very excited about learning to write in cursive this year. They are all practicing so that they will learn proper forms.

The holidays during the year are always a highlight. We have enjoyed a Halloween and a Christmas party and are looking forward to Valentines Day. We are going to celebrate the Presidents' birthdays with a birthday cake.

This spring we'll be taking a field trip. Although we are not sure where we are going, there have been several places suggested by class members — a museum, a large post office, a bakery, and a nursery.

Each day we take one-minute math drills to help us become more skillful in our basic math facts. To pass on to the next level, we have to have three perfect drill papers. It's always exciting to go to the next level, and when we finish all the levels, we can feel very good about ourselves.

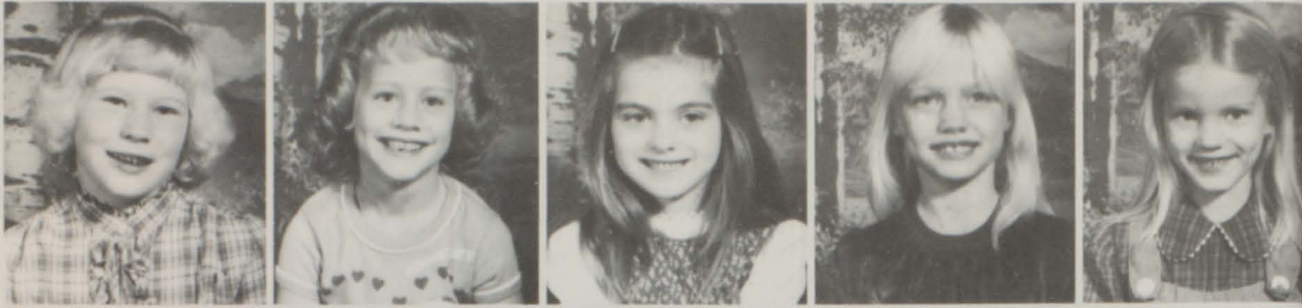

One of our favorite times during the week is silent reading time. During this 15 minutes on Wednesday and Friday, we get to read to ourselves anything that we choose.

The students in first grade took a field trip to Central City to watch the circus set up. They saw the circus clown, elephants, and the workmen putting up the tent.

On another trip they went to The Plainsman Museum in Aurora to see the Christmas display and take the museum tour.

Learning activities this year were: tasting and smelling activities; sorting by color, size, shape, and feel; made bells; learned about sign language; read lots of stories, and created stories of their own — these are year round projects. The globe and maps were used to learn about the world.

In August, 1982, 12 new students entered Marquette School. Kindergarteners have learned all the letters of the alphabet and the sounds they make in preparation for learning how to read.

Class favorites include: Cleaning desks, playing together, working, mock disaster drill, I-Land Treasure and Once Upon a Time — TV programs, Christmas Party and program, outside recess, watching movies, music, "free" day in P.E., lunch time, learning centers, and TALK with Ms. Howland.

Field trips included a tour of Plainsman Museum, the Sheriff's office, and the Fire Department.

# HOMECOMING 1982

Homecoming 1982 was started by Spirit Week. During the week of October 18th to 22nd, a lot of different people were walking around our school. On Monday, it was hat day. There were a lot of really different hats and the winners of that day were Ross Gustafson, with a sombrero and Mrs. Malcom with a cowboy hat. On Tuesday it was dress up day and everybody looked very nice. Kenny Russell and Robin Barnesberger were the winners for this day. On Wednesday, people with blue hair and garbage bags for clothes came to class. Punk rock winners were Dennis Saum and Glenda Nutzman. For Occupation Day, Thursday, all walks of life seemed to be represented. Tracy Ortegren, a veterinarian, and Wade Hermansen, a chef, took the prize for Thursday. Cubs spirit really came through on Blue and Gold Day, with winners being Mrs. Solt and Gary Young.

Annual Staff and Camera Club sponsored a chili supper Thursday night before the bon fire. The chili was prepared by Mrs. Houston and Mrs. Solt. Following the chili supper was the bonfire which started out with a scavenger hunt, won by Kevin Hutsell and Tracy Ortegren. The snake dance led into a pep rally. There were cheers and chants, and then the burning of the Giltner football dummy. Speeches from the coaches and co-captains of the team increased the excitement.

The coronation ceremony was held Friday afternoon. The MC was Mike Johnston. The band started things off by playing "The Way We Were." Marquette's famous Kazoo Marching Band performed again this year with a couple of their "better" selections. A Laurel and Hardy Skit was put on by Robbie Paup, Greg Ruzicka, and Craig Barnesberger.

The suspense was ended when 1981 King and Queen (Bill Griffith and Linda Johnston) crowned the 1982 King and Queen — Dan Beck and Christine Blum. Attendants were Robin Barnesberger, Khristy VanBibber, Ross Gustafson, and Earl Reyner. Following the ceremony was the parade. The Freshmen won first prize with the theme "Raid the Hornets." Second place went to the juniors with their "Swat the Hornets" float and third place "Agony of Defeat" belonged to the seniors.

That evening, the volleyball girls went up against the Hornets, losing 15-1 and 15-3. The football game that followed was a thriller. A very disappointed loss to the Hornets, this 28-24 game was one of the best of a very successful Cub's season. The band marched at halftime as well as the introduction of the Homecoming Royalty.

The finale of the week was the dance. The gym was decorated in streamers of orange, gold, and brown. Students and their guests danced to a selection of popular records. Once again Marquette had a memorable homecoming.

# CUB'S 7-2 RECORD RANKS

This year's Cubs finished proud with an eighth place state rating and a 7-2 season, under the leadership of coaches Carl Abele and Steve Jacobsen.

The squad started the season on a winning note, defeating Benedict. However, the following game was to be a loss to Hordville. Winning 5 of the next 5 games, the Cubs suffered a loss to the Giltner team. This in turn shattered playoff hopes for our team.

The team stood out among the conference, by putting 6 out of 8 starters in All-Conference or All-State spots. Four out of six will return next year for the Cubs, along with strong backup.

In summing up the season, Coach Abele said it was "satisfying and yet disappointing." In predicting the future for Cubs football, Mr. Abele said, "next year looks very promising."

Returning lettermen for '82: Front row - Todd Danhauer, Kevin Hutsell, Gary Young, Lynn Menke. Back row - Coach Abele, Dan Beck, and Ross Gustafson.

# CUBS BATTLE TO THE END

The 1982 Cubs Volleyball Season ended with a 2-13 record. At the beginning of the Volleyball Season, the Cubs sported two new coaches, Kim Jackson and Susan Gay. The leading spiker for the season was Chris Blum, with 88 attempts, 57 successful and 12 aces; followed by Robin Barnesberger. The leading server was Glenda Nutzman with 88 attempts, 77 good, and 9 aces; followed by Rhonda Joyner. The overall spikes by the team were: 349 attempts with 250 good and 40 aces. The overall team serves were 439 attempts, 345 good, 53 aces.

All members of the team voted for Most Valuable Player, Charlie Hustle, and Most Improved Player at the end of the season. Christine Blum was voted Most Valuable Player; Khristy VanBibber, Charlie Hustle; Donna Menke, Most Improved Player. Coach Gay's comments on the season were: "The 1982 Volleyball Season was successful in that many returning players gained experience for next year's volleyball season."

# GIRLS BASKETBALL

The girls basketball team ended their season with an overall record of 5-11, a CRC record of 2-7. The girls were a good defensive team, but lacked in offense because of poor shooting. There were 15 girls on the basketball team. Out of the 15 girls, 11 of them received a varsity letter. There were three awards that were given out at the end of the season. Christine Blum was best offensive player, Melanie Holton was best defensive player, Shauna Manka and Melissa Nelson tied for most improved player. The team improved throughout the season and was playing very well at the end of the season.

# GIRLS HAVE STATE QUALIFIER

*Back Row: Coach Kim Jackson, Chris Blum, Rhonda Joyner, Wendy Blum, Student Manager Shauna Manka, Front Row: Lisa Ferguson, Melanie Holtan, Tonja Jacobsen*

*Rhonda Joyner running the mile.*

Marquette girls track season turned out to be quite successful considering there were only five members on the track team; including two returning lettermen, Wendy Blum and Rhonda Joyner.

Three records were broken, Wendy Blum broke the hurdles with the time of 17.95, and the high jump with a height of 4'10"; Melanie Holtan broke the 400 meter dash record with a time of 67.69; and Rhonda Joyner was a qualifier for state track meet in the 1600 meter run.

Rhonda Joyner was the leading scorer of the Marquette girls track team.

Tonja Jacobsen also participated in the discus, 400 meter dash and the 1600 meter relay.

Lisa Ferguson participated in the 1600 meter relay, high jump, and 800 meter run.

The Marquette FFA has had a very successful first year. The Marquette FFA was formed in the summer. Members immediately became involved, participating in a tractor driving contest and showing hogs at the county and state fairs — taking four out of five FFA Swine Trophies at county fair. Members participated in many livestock judging contests, land judging, as well as other competitive events.

Trips were made to FFA conventions at Lincoln and Kansas City. The FFA and FHA worked together for magazine sales, a dance, and a hayrack ride. The main fund raiser was a slave sale.

The Marquette FFA is looking forward to a prosperous second year. Upcoming plans include a baseball game with Hampton, more participation at fairs, and, of course, a few judging contests. The seven new officers will spend four days at the FFA Leadership Camp at Aurora. The FFA looks forward to becoming a traditional part of the Marquette Community.

# FUTURE HOMEMAKER'S OF AMERICA

*The senior's wedding reception.*

*Sweetheart/Beau Royalty: Dan Beck, Chris Blum, Queen Robin Bamesberger, King Todd Danhauer, Glenda Nutzman, Kevin Hutsell.*

This group of girls first met at a summer retreat at Bader Memorial Park. This was a start to a growing relationship between each one of us. We had lots of fun soaking in the sun, swimming, eating, having frog races, and setting personal goals for the summer. Of course, there were a few mishaps, like when the seventh graders became so scared they about cried, and that long night of snipe hunting. The heart of FHA is all of these meetings.

There were meetings to help us become career oriented, with the help of Mr. Jacobsen and later in the year some ladies came and told us about their jobs. We also had a meeting to become more aware and understand about drugs, drinking, and their effects.

Other major events that happened through the year were, the District Convention in Aurora, family fun night, and St. Lucia Day.

By the time January and February came up, everyone was full force into their encounter projects, search events, and having the first FHA-FFA Sweetheart Dance.

Before anyone knew what happened, March came and it was time for the annual salad supper. This was a record turnout.

State Convention came in April, and we sent some of our new officers for next years, along with some contestants for Search Event, to bring back some new ideas to start out a great year in '83.

# THE SENIOR'S FAREWELL GRADUATION

Today will start a new life, and we'll say our last goodbyes.

To all of our friends we've grown to love.

With whom we've laughed and cried.

Remember the fun and laughter, the problems and the fears.

And watching all of our memories grow.

Throughout our high school years.

The memories of our dances, and the new friends that we've met.

Vacations, teachers, talking and exams we'd rather forget.

Yes, high school days are precious but brief.

Where all our dreams come true.

It is not the end but the beginning of a life we'll start anew.

# SENIOR WILL AND TESTAMENT

## SENIOR WILL

We the Senior Class of Marquette High School in this year of our lord, nineteen hundred eighty three; some of us being of sound mind, do hereby bequeath the following:

I, Beaver Andersen, will my amusing anecdotes to Robert Kluna, providing he keeps a straight face when he says them. I also will my suit to the Spirit Club, on condition that they use it only on the dummy of the homecoming bonfire. I lastly will my fifth poker ace to Todd Danhauer, providing he uses it to win for the first time.

I, Robin Barnesberger, will my talent to get an annual signed within a reasonable length of time to Blake Sanderson, such that he can sign more than two a year. To Kenny Russell I will my driving expertise so he need not keep track of his remaining points on his drivers license, finally I will my name, Robin, to Penny Anderson, so she can be an early bird to band.

I, Dan Beck, will my straight forward approach to problem solving to Glenda Nutzman, providing she doesn't create more problems than she solves. To Mike Johnston, I will my suave and debonaire looks, under the condition he doesn't use them maliciously. I also will my ability to get along with the teachers to Dennis Saum.

I, Christine Blum, will my being able to break basketball curfew to Tonya Jacobsen, since somehow the coach always knows when she gets home. And to Melissa Nelson I will my ability to debate teachers, providing she, too, continues to win. To Gary Young I will my ability to return to school after appointments, providing it doesn't interfere with his fishing.

I, Marlena Fox, will my involvement in Student Council to Kevin Hutsell, he needs it! I will my roguing ability to Chip Pollard so he doesn't continue to confuse pruning with roguing, and to Lisa Or-ta-gen I will the legal forms to change her last name to something that's easier to pronounce, like mine.

I, Ross Gustafson, will my dictionary of excuses to Tom Joyner, providing he uses it as effectively as I have. I also will my pickup wrecking ability to Bill Phipps, providing he still has a pickup. Finally, I will my love of country music to Ray George, on condition he promises to destroy all of his punk rock.

I, Philip Jackson, will my love of school to Shauna Manka, providing she doesn't graduate as a Junior. I will my mechanics to manipulate split decisions, when needed, to Robert Kluna providing he doesn't wear an apron. I will my position of boys basketball manager to Marni providing she doesn't follow the boys into the locker room after the game.

I, Bill Joyner, will my ability to participate in an otherwise all girl chorus to any Junior boy who is brave enough to accept the challenge. To my brother, Tom Joyner, I will my half of our room if he can find it before he graduates. I also will my ability to stay enrolled in band a full year to Richie Peterson, providing he still has his saxophone.

I, Bill Manka, will my student-teacher rapport with Mrs. Widga to Kevin Hutsell, and I will my ability to keep a car in good repair to Todd Danhauer, providing it doesn't take away or interfere with any excuses he might use while on a date. Lastly I will my ability to "work" with a two by four during shop to Ray George, providing he doesn't get nailed.

I, Earl Reyner, will my ability to sneak up behind others to Gary Young, only if he does it in want of entertainment. I will my center position in football to Craig Barnesberger, if he is willing to start now on a weight training program. I also will my nearsightedness to any student referee so they have a legitimate excuse for their calls.

I, Tracy Skidmore, will my ability to drive a stick shift to Glenda Nutzman, providing she promises to use the clutch now and then. I also will my talent to use my head (literally) in volleyball to Rhonda Joyner. And to Mike Johnston, I will the official title of "Mr. fence watcher" for my horses while I'm away, when it comes to chasing horses, Mike doesn't people around.

I, Khristy VanBibber, will my ability to be a chatterbox to any Freshman who has the lung capacity that is unusually large, I also will my dizzy personality to Lisa Ferguson, only if she doesn't become a wild and crazy gal, and I will my typing talent to Greg Rusicka, in hopes that he wouldn't have to cheat to get 30 words a minute.

We, as a class wish to will to the class of 1984 a means of making money, so their sneak trip can exceed the distance of Grand Island.

To the class of 1985, we will a free mini course in drivers education to be conducted by our sponsor, Mr. Abele, especially focusing on "stop signs and their meanings."

To the class of 1986, we will a jar of vaseline and an oxygen tank to squeeze into and breathe easier in their over-crowded classroom.

To the class of 1987, we will the ability not to get a diamond by their Senior year.

To the class of 1988, the talent to communicate with each other without writing notes and getting caught.

This, our final will and testament, having been read and witnessed in your presence, is now in effect. We do hereby affix our signature or mark on this day, April 29, 1983.
